**intRAtrain® incentive programs** are a positive way to help employees strive to meet the company objectives whether it be a sales or safety objective. They can also be used to reward customers for purchases of products. As a result of incentivizing employees and customers you may see

- **Increase overall employee morale**
- Maximize performance levels and productivity
- Increase employee/customer loyalty
- Create stronger employee work ethics
- **Accomplish targeted results**

**intRAtrain® incentives** are **highly pro-active points-based programs** that are easy to use and customized to fit your specific needs and budget. Other unique features include:

- Online system for tracking and management
- Standard reports with customized reports available
- **Easy to use** design
- Customer support and consulting by a trained program manager
- Very cost effective
- Include a selection of high quality, competitively priced name brand reward items and gift cards with product guarantees & on-time delivery
- Personalized employee and admin log ins
- Customizable to meet your specific needs.

If you are looking for an **incentive program** that will truly make a difference, intRAtrain Incentives has the features you need. Specifically our safety incentive programs can help:

- create a work environment that **increases safety awareness**
- promote a team environment
- eliminate the situations, conditions, and/or behaviors that could potentially result in accidents or injuries

**Increasing sales** is on every company's priority list. The **implementation of a sales incentive** can help.

- Increase sales of all or specific products
- Gain market share
- Generate new accounts and grow existing accounts
- Increase customer retention, satisfaction and loyalty
- **Increase margins**
- Stabilize or change product mix

**Incentive programs can make a difference, let intRAtrain® Incentives help you get started.**

intRAtrain® incentive programs and services create a positive difference within companies and organizations. Incentive rewards programs are used very successfully to motivate, encourage, reward and sustain performance using a pro-active system design to fit your specific needs and budget.
